

Spring Show Guidelines 2021

1. The show must only be one act and not have any type of intermission. That means the show will be reduced in length. We have been told less than one and ½ hours. Not all dances in the past or performers that we used as fillers can be perform due to this change.
2. No concessions, auction or sales allowed in the lobby prior to the event or after the event.
3. Limited seating capacity with a seating chart created by the district that must be followed. (see chart)
4. Limited amount performers on stage at one time. Each school has different limits according to their stage dimensions. (see chart)
5. The performers may not have contact, hold hands or perform lifts at this time in any choreography.
6. All lighting and videography vendors must be on the approved vendor list.
7. Masks for performers on stage must be worn due to the performance being indoors as well as all audience members.
8. Costumes can not be touched by other performers or have contact with others during the rehearsals or performances.
9. The theatre must have staggered entrance and exits with the audience members. Some type of time sequence must be listed on the tickets.
10. There will be no congregating inside the building at the conclusion of the performance. All family gatherings or photo taking must occur outside the LISD school building after the performers have changed and been dismissed from the building.
11. Good show gifts will still be available. We will post pictures of them online and allow purchases through our website the week before the shows and the gifts will be passed out to the girls each performance.
12. At this time, we have been told that all tickets and programs must be paperless. This means the program will be available digitally. We are working with LISD administration to allow for actual paper programs since football was allowed to print copies.
13. Contest will have different policies and procedures. Contests are held in a gym and gyms have a larger floor capacity so at this time all team members can be in each routine. If a performer is removed it may be to dance ability, ineligibility, quarantine status or injury.
14. Currently, parents must drop off and pick up your daughters at our contests. Students may not ride a bus to the events.
15. There will be limited seating capacity at the contests and each performer will receive 2 bracelets for their family members to attend at each separate contest. There is a fee for this and this will be announced at a later date.
